

Heller Elected As Interest In Balloting Gains

Uncontested Balloting Here
Draws Out 176
Voters

In one of the most spirited non-contested elections ever held here, Charles R. Heller was returned as a member of the board of directors of the Truckee Public Utility District Tuesday.

Of the 176 votes cast, Heller received 144, while Richard Joseph was given 31 write-in votes and James McIver, one. Neither of the latter was an announced candidate, although a write-in campaign developed Monday, the day before the election.

Joseph several weeks ago indicated he might be a candidate but subsequently said he was not interested in the position and that he would not run either as a candidate on the ballot or as a write-in.

Heller has served on the board with President E. L. Loynd and H. T. Langille for the past several years. He is also a member of the board of governors of the Tahoe Forest Hospital District and has served as president of that board since its inception.

LAST RITES FOR MRS. BRYCE EUER HELD AT FOLSOM

Christian Science services were read Monday at the Miller Funeral Home in Folsom for Mrs. Anna Adelle Euer, 42, wife of Bryce Euer, widely known northern California cattleman and for many years a summer resident of this area.

Mrs. Euer died Thursday in the Sutter Hospital at Sacramento following a long illness. Recovery seemed near when complications developed and the family was called to her bedside Thursday.

She was born in Oakland but lived in Roseville before her marriage. The Euer ranch is in the White Rock district near Folsom.

Surviving, beside her husband, are her children, Robert and John; her mother, Mrs. Sara Belle Hooper of Roseville; a brother, Ellison J. Hooper, Sacramento.

SPORTSMEN WILL ELECT OFFICERS

Election of officers will be held for the Truckee Outdoor Sportsmen when the group will meet in Capitol Hall on Friday evening, May 8.

All interested in the program of the organization are invited to attend the session which will convene at 8 p.m.

BIDS FOR SCHOOL PROM ON SALE

The bids for the Tahoe-Truckee High School Junior-Senior Prom, which will take place Saturday evening, May 23, at Donner Lake Lodge, are on sale this week at the high school. One of each couple must be either a senior or a junior. Seniors are being admitted free but if they are bringing a guest other than the senior, they must pay for the guest.

PRE-SCHOOL EXAMS SET FOR MAY 14

On Thursday, May 14, the pre-school roundup will be held in the Truckee Elementary School auditorium under the direction of Mrs. Charlotte Patnoud and Lynn Kishbaugh. Dr. George Hahn and Dr. Oliver Scow will conduct the physical examinations of the youngsters assisted by a group of mothers.

Mrs. Daven Morey, health chairman of the PTA, will have two others helping. Miss Patricia Medaugh will be in charge of the enrolling, which begins at 10 a.m. Parents are asked to bring the child's birth certificate.

AWARD PICTURE DISPLAYED HERE

An oil painting, presented to the Wyethia Women's Club on award night at the state women's federated clubs convention in Los Angeles, is now on display in the window of Heller's Variety store before being hung in the local clubhouse. The picture, called "Symphony in Grey," was painted by Mary Coleman.

FISH VIOLATION DRAWS \$20 FINE

Stanley Matthews, a staff sergeant at Stead Air Base near Reno, was fined \$20 for fishing in a closed stream when he appeared before Judge F. W. Wilson this week. Sergeant Matthews was cited by Game Warden Tom Borneman for fishing in the Truckee River near here. He had caught one fish.

Edward S. Shaver, Burlingame, grand chancellor of California, will make the principal address at the roll call of the local Knights of Pythias lodge Saturday evening in IOOF Hall.

Pythian Knights Will Stage Roll Call On Saturday

Program For Public Being
Arranged Here By
Committee

It's an old Truckee custom. Saturday night, May 9, at 8 p.m. in the IOOF Hall, Summit Lodge No. 54, Knights of Pythias, will hold its annual roll call of members, commemorating the institution of the lodge May 5, 1879.

The program, which will be open to the public, will be highlighted by an address by Edward S. Shaver of Burlingame, grand chancellor of California. Other visiting dignitaries who will be called upon will be Dr. C. H. Kennedy, grand chancellor of Nevada, and Prof. N. E. Wilson, past supreme representative of Nevada.

Musical numbers, including vocal solos by Mrs. Earl Stice and J. J. McGlade, will round out the program. Chancellor Commander Heslin F. Cardinal will preside and Rev. A. A. Carmichael of the Community Church will offer invocation and benediction. The actual roll call will be conducted by Secretary R. P. Bick. W. M. Englehart Sr., PC, is chairman of the committee in charge.

F. W. Gaennie will lead the group singing portions of the program. At the close of the program, flowers will be distributed to the ladies present.

Members of Donner Council, Sunshine Girls, and Summit Temple, Pythian Sisters, will attend as groups, as will members of the Knights from Reno.

BOCA, DONNER FISHING WAS NOT AT BEST

For the most part, fishing at Boca and Donner on the opening days of the trout fishing season was spotty and few limits were scored by the hundreds of anglers who took advantage of the ideal weekend weather to indulge in their favorite sport.

Boca fishermen reported a few large browns and rainbows but in limited numbers.

At Donner, several reported fair luck with kokanee but as to trout the story was pretty much the same as at Boca. Recent storms were blamed for the lack of better luck. Anticipated warmer weather with clearing streams is expected to result in increasing fishing activity.

LUMBER CREW RETURNS HOME

A crew of 20 men from the West Point, California, plant of the Stockton Box Company returned there last week after spending two weeks at the Truckee mill. The two shifts were cut to one with the departure of the West Point crew, Lew Baysinger, local plant manager, reported.

DIGESTIS ARE PARENTS OF BOY

James Steffan Digesti, seven pounds nine ounces, arrived at St. Mary's Hospital Friday evening at 5:30 o'clock and has joined his parents, Mr. and Mrs. Harry Digesti here. James' father operates the parts department at Osburn's Buick Garage.

FORDHAM SON IS BORN IN HOSPITAL

Mr. and Mrs. William Fordham of Truckee are the parents of a five pound eight ounce son born Saturday night at Tahoe Forest Hospital. Both mother and baby are reported doing nicely. Fordham is employed here by the state division of highways.

FROM KOREA

Mr. and Mrs. D. J. Horman have as their guest Richard Horman, who has been in Korea with the American embassy. The visitor, a former resident here, made the trip on the President Cleveland, which also carried as passengers ex-President and Mrs. Harry S. Truman.

Sun Beams

by WALTER BARRETT

In the hustle and bustle of everyday routine too little attention is devoted to what many consider items of small importance but which, nonetheless, contribute largely to the future welfare of our community and state. We have in mind, for example, the Boy Scouts and Cub Scouts programs. It is fortunate indeed that a few adults take the time and effort to meet with these boys and guide them in their programs of wholesome, educational activities designed to promote better citizenship, and it is unfortunate that this most important work is left to so few. The 20-30 Club and the American Legion, we believe, are accomplishing worthwhile projects in sponsoring the Cub Scouts and Boy Scouts and highest praise is due the men and women for taking up the work as Scoutmasters, Cubmasters and Den leaders.

The heavy turnout of voters at the utility district election here Tuesday was a good indication and we hope a lasting one that the apathy which once accompanied local balloting has turned to enthusiastic interest in community affairs. It is easy to recall when a local election could create hardly sufficient interest to make the voting worthwhile—when a scant score of citizens bothered to turn out. It is to be hoped that all our elections in the future will develop the same interest as the recent one, whether or not candidates are opposed. The next balloting scheduled here will be for school trustees on May 15 and a similar or greater response will be anticipated.

FINAL EFFORT TO FORM GUARD UNIT MAY 15-17

Parents of young men 17 to 18½ years of age in the Truckee, Tahoe and Donner area are urged to investigate the possibility of a California National Guard unit in Truckee to provide military training for their sons.

WO Walter B. Murphy and Maj. Nicholas Brooks will be at the Veterans Memorial building here May 15-17 in a final effort to activate a platoon of the guard for this area. Anyone interested may contact them here during those days.

They are also seeking a man qualified to take command of a unit, should it be formed. Qualifications call for a man 28 years old or younger, a Korean veteran of at least the first three grades in rank or a man with a prior reserve commission within the age limit.

TRADE WINDS IS OPEN FOR SEASON

KINGS BEACH—The Trade Winds, popular eating place here operated by Joe Ross, was opened for the season last Friday.

Ross said the kitchen has been enlarged and new Chinese stove installed for the particular use of Jimmy Chin, chef at the establishment. Unusual and accepted Chinese dishes will be served as in the past, together with American cooking, Ross said.

The manager said he is building a glassed-in patio on the east side of the restaurant to be 50 by 12 feet to provide for increasing patronage. The cocktail lounge will continue to specialize in Hawaiian and American drinks.

FROM CANADA

Mr. and Mrs. Joe Mattos have returned after an extended tour which took them over to Wyoming, through the Dakotas and into the southwestern part of Canada. They returned through the Pacific Northwest.

AT LAKE FOREST

Mr. and Mrs. W. K. Franklin are now located at Lake Forest, coming up from Los Angeles.

TO TAHOMA

Mr. and Mrs. J. T. White are again at Tahoma after wintering at Sacramento.

Local Physician, School Officials Indicted By Jury

Bail is Posted At Once
As New Charges
Are Made

NEVADA CITY—Joseph Bernard O'Neill, M.D., Truckee physician, previously charged with illegally prescribing narcotics and at liberty on \$5,000 bail with preliminary examination set for May 9 at Truckee, was indicted by the Nevada County grand jury Wednesday, April 29, on three additional counts of narcotics statute violations.

Dr. O'Neill, informed of the indictment, drove to Nevada City where he posted an additional \$1,000 bail in accordance with the complaint. Date for arraignment was not set.

The Truckee physician was the third person indicted by the current 1953 grand jury following investigations at the court house. The other two are R. Lee Ross, rural schools supervisor, and Robert Robinson, Columbia Hill School teacher, on charges of conspiring to commit a felony in the asserted illegal registration of Ross' private cars by a so-called tax-exempt public agency to escape state and federal fees.

Dr. O'Neill is charged with procuring narcotic by deceit and misrepresentation on two counts.

In the third count, he is charged with prescribing a narcotic for his own use February 3, 1953, having theretofore voluntarily surrendered his narcotic privileges to the U. S. collector of internal revenue and such privileges not having been restored to him and he not having obtained current registration from the collector of internal revenue.

DONNER SCENE ATTRACTIVE BUT CAUSES ACCIDENT

Mrs. Mildred Gordan, 35, East Point, Georgia, admired the snow on Donner Summit and so had her husband stop the car while she made a few pictures.

As she stepped from the vehicle, she slipped on an icy spot, fell and one leg was badly broken. After treatment by Dr. George Hahn at the Tahoe Forest Hospital she was taken to Reno and boarded an airplane for home—not nearly so enthusiastic over the beautiful Sierra snow bank.

BASEBALL TRYOUT HERE ON SUNDAY

Weather permitting, there is to be baseball tryout and practice on the Truckee diamond at 1 p.m. Sunday afternoon.

Johnny Rau, manager of the local team in the Placer-Nevada league last year, said if enough interest is shown by players and fans here, he will be able to line up a series of games with nearby teams.

CARD PARTY FOR ELEMENTARY PTA

Mrs. Howard Newsham, president of the Truckee Elementary PTA, announces the next meeting will be Monday, May 11, at 8 p.m. at the elementary school. A brief business meeting will precede a card party. Everyone is urged to attend and participate. Refreshments will be served by mothers of third grade children.

BIG FISH

Young Reggie Smart showed the way Saturday on the opening day of fishing while out in a boat on Lake Tahoe with his father, R. E. Smart, and Fred Pedley. The young man landed a lively 4½ pounds German brown to show his companions how it was done. It was Reggie's first catch from the big lake.

FOOD SALE FRIDAY

The Woman's Society of Christ-ian Service will hold a food sale at Duane's Do-Nut Shop Friday at 10 a.m. Anyone having food items to be picked up is asked to call Truckee 226W.

Body Of Sykes Boy Recovered In Oregon Lake

The body of Victor Sykes, 10, son of Mr. and Mrs. Raymond Sykes of Klamath Lake, Oregon, and grandson of Mr. and Mrs. F. W. Gaennie of Truckee, has been recovered.

The body of the boy had been missing since Easter afternoon when a storm capsized a boat on Upper Klamath Lake, causing the death of Victor's four-year-old sister, Connie Rae, and Nels Nelson, 71, a veteran trapper of the area, who had been taken into the Sykes' boat when his own small craft was threatened.

The body of Nelson has not yet been recovered.

Mr. and Mrs. Sykes and two of their four children narrowly escaped drowning in the tragic mishap, being rescued by nearby fishermen after they managed to swim the 75 yards to shore.

GARY HENRY, 10, PROVES HIMSELF HERO; SAVES PUP

TAHOE CITY—Ten-year-old Gary Henry, son of Mr. and Mrs. Al Henry Jr. is a hero in his own home town this week.

Last Thursday afternoon, as Gary played quietly in his back yard, he looked up to see smoke coming from the family home—black, ominous looking smoke. Immediately his very sharp reasoning power told him the house must be on fire.

He thought of his puppy, shut in the house, and the thought sent him scrambling for the door. He opened the door and, keeping his face close to the floor, under the cloud of smoke, he crawled through the smoke-filled place. He found the whimpering baby dog, clasped it close for safety and on the way out he got hold of a gas mask and took it with him.

Rushing next door, he thrust the puppy into the arms of his grandmother saying, "Our house is on fire. Here, take care of my dog—I'm going back to find the fire and put it out."

Mrs. Marie Henry, the grandmother, after depositing the pup in safety, followed in time to see Gary put on the mask and vanish through the smoking door. She went in after him and saw the boy smothering the fire in his mother's housecoat, which the little dog had evidently dragged over the heater vent. Both she and her grandson tried to use the telephone to call the boy's mother who was on duty at the telephone exchange at the time. Somehow, the telephone office got the alarm that there was a fire and the automatic fire alarm was set off, summoning the nearest firemen with the hose cart to the scene of the blaze.

The nearest firemen at that time happened to be Jay Shontz and Bill Becholdt, who got the fire-fighting equipment into operation on the double-quick and soon had the blaze quenched.

Gary's father, Al Henry Jr., who is fire chief here, was out of town a few miles south when the alarm was sounded. He arrived back at his home as the hose cart drew up in front.

Damage was reportedly not extensive.

LIONS HEAR OF LIFE BEHIND BARS

Meeting at Tahoe Inn last night the Truckee Lions heard a talk on prison life and conditions by Warden Bernard of the Nevada State Prison at Carson City. Angelo Besio presided at the meeting and C. R. Heller was program chairman. Guests included Gordon Butterfield, William Curran and Charles Fink.

HOSPITAL BOARD

A regular meeting of the Tahoe Forest Hospital board of directors will be held at the hospital tomorrow evening at 7:30, C. R. Heller, president, announced.

OFFICER DIES

Funeral services were conducted at Nevada City this week for Max Solaro, 45, for the past two years Nevada County undersheriff. He succumbed to a heart attack at his home in the county seat city.

20-30 Conclave Attracts Large Crowd To Area

Nevada Man Is Named To
Succeed Hocker As
Governor

Exceeding the expectations of the planners in both attendance and enjoyment, the annual Spring Convention of the 20-30 Clubs comprising ten Nevada and eastern California cities and towns, ended here Sunday afternoon.

The 170 or more delegates and guests expressed themselves as highly pleased with the outcome of the sessions which occupied Saturday and Sunday with business meetings, dinners, shows and dancing.

Edward Jones of Minden, Nevada, was elected governor of the district to succeed Harvey Hocker of Truckee while Kenneth Hedlund, also of the Truckee club was named with Nat Bernard of Carson City as deputy district governors.

The election was held Sunday when the educational meeting occupied the delegates at Donner Lake Lodge while their wives enjoyed breakfast and a chairlift ride at Squaw Valley. Among the speaker at Sunday's session were Angelo Trucket, grand vice president from Napa, Grand Trustee Brice Stribel of Stockton and Dad Schimmon, goodwill ambassador from Phoenix, Arizona, who has attended more than 165 20-30 meetings already this year.

The next convention will be held at Bishop in November.

The local meetings were presided over by William Frey, local club president, and Hocker.

The show staged Saturday following the banquet was prepared by Hugh Smith and all members of the Truckee Club participated.

The club officers expressed appreciation for the cooperation given by the Truckee merchants and others in making the affair a success.

BIOLOGY STUDENTS AT DILLON BEACH

The biology students of Tahoe-Truckee High School took a field trip to Dillon Beach last Thursday and Friday in order to study seashore animal life in its natural surroundings. Those making the trip were Jean Holmes, Diana Abbott, Carol Wilson, Janice Buehler, Loma Sorensen, Sharon Pace, Alberta Cooper, Rogette Stinchfield, Phyllis Porter, Nedra Ray, Ella-mae Mercer, Mary Ann Tonini, Ginger Reynolds, Jack Van Hooser, Ron Pelley, Easton Buehler, John Moore, Clyde Mandeville, Barney Gilmore, Bill McClain, Lewis Fellows, Jay Stuart and Dave Coe. The chaperones were Norman Dewhurst, Miss Raker, Mr. and Mrs. Dempsey.

Friday morning the group went to Tamale Bay Tide Flats to dig clams and gather specimens. "Clamming" was a new experience for almost everyone and the majority got their limits of ten clams each.

Saturday morning at 7:30 the group left Dillon Beach to spend the day in San Francisco. After visiting the aquarium, planetarium and African museum, they went to see a 3-D movie. The students had dinner in Oakland and the bus left for Truckee about 3:45 p.m.

CHINESE DINNER FOR LOCAL CLUB

Preceding the regular meeting of the Wyethia Club Friday evening, May 15, the members will have a Chinese dinner, prepared by Kim Juang of Goodfellows' Coffee Shop, beginning at 7:30 p.m.

Les J. Miller of Carson City, who spent six years in China, will lecture on the art of that country.

Reservations for the dinner meeting may be made by contacting Cabana's store or officers of the club.

QUENTIN KAY IS FETED AT PARTY

Quentin Kay, whose 10th birthday was May 6, was the incentive for a party, following the regular Tuesday meeting of his Cub Scout group. The boys completed their Mother's Day gifts and later were served a birthday cake and other refreshments by Mrs. James Walker, Den mother, and Mrs. Charles Kay. Quentin was also presented with a gift.

Cub Scouts of the Den are Michael Kumble, Terry Walker, Barry Leamon, Donald Brakefield, Gene Miller, J. C. Roberson, Jim Osburn, David Ayala, Martin Johnson.

STORE HOURS

Dave Rose of Rose Bros. Market this week announced the summer schedule with the store being open from 7 a.m. to 10 p.m. daily.

District School News

DONNER TRAIL

For the past three springs a family of swallows have returned to their homes in our baseball backstop. These little swallows live in a small hole in the upright pole. This hole was made by a little woodpecker and after he finished the swallows forced him out. We have yet to see the large hawk that also lives on the school's playground. These birds are not bothered by playground activity but just sit and scold 'til recess is over.

Our study of Mexico is made closer by the fact that five of our pupils speak the language very well and help us all with our pronunciation. We have learned 15 new Spanish words and will learn at least 15 more before the year is over. One of our pupils is going to Mexico in the summer and next fall will help us further with her story of the trip.

We have had our open house and almost all the parents attended. The Community Club had their meeting in conjunction with the open house. A nice time was had by all.

KINGS BEACH

Kindergarten and 1st Grade
We were happy to welcome first grader David Akin to our class

from San Jose. He plans to be here about a month.

Last Wednesday afternoon we each had a special housecleaning job in preparation for our open house program that night. We showed our parents just what we do doing our daily activity period. Marlea Draney, Wayne Mandeville, Kathy Arney, Ronnie Baker worked with clay. Suzie Lucas and Pamela Powell painted at the easel while Brad Thompson and Susan Graton demonstrated finger painting. Construction work was done by Lynn Chatwin, Janet Mallory and Donnie Decker. David Reed and his pre-school visiting brother Mike worked with puzzles. Larry Free manipulated the peg board set as Karen Critchley and Greg Thompkins worked with the low building blocks.

Last Thursday morning Mrs. Walter Mandeville and small son, Stephen, came to visit our class.

4th, 5th and 6th Grades
The weather did not seem to hold back too many parents for our classroom demonstration for Public Schools Week. We were happy to see a large number of parents come to visit and watch our reading program in action. The final part of the program demonstrated choral reading, which was enjoyed by all. Mr. Sams added some information about our reading facilities and program. We then adjourned for refreshments prepared by Mrs. Jean Little.

Dist. Supt. E. V. O'Rourke visited us Friday and completed the achievement tests in reading.

Our May 1 field day had to be canceled because of inclement weather.

TRUCKEE ELEMENTARY

Kindergarten

This week the class has been making spring bonnets from paper cups and cut paper with crepe paper streamers.

We are continuing our study of the home with discussions concerning magazine pictures of different rooms in the home. Next week, members of the class will cut pictures from magazines and make their own scrapbooks about the home. Also included in the books will be pictures drawn by each child portraying home life.

We are studying about animals, too, and next week we will learn more about circus animals.

Grade One

A bulletin board displaying the "Best Work" is encouraging everyone to do neater and more accurate work.

Bonnie Fair, the 1st grade hostess, welcomed Mrs. L. Van Sickle, Mrs. S. Costa, Mrs. O. Scow, Mr. and Mrs. B. Quartly, Mrs. C. Pratt, Mrs. L. Braasch, Mr. and Mrs. L. Baysinger, visitors to our room this week. Quite a few parents also attended the open house Tuesday evening last week.

Friday we learned initials and each pupil practiced making their own.

Grade Two

We made gay May baskets for our mothers on May Day. Bobbie Cummins and Kittle Ellis brought records for us to enjoy. Mike Lee and Jeffrey Stock have nearly finished their arithmetic workbooks.

We wrote letters and drew pictures to send to Linda Hiezer, who has been sick for two weeks.

Carolyn Smisek brought a butter churn for us to see. We plan to get some cream to make butter.

Grade 3

The winners in the art exhibit for the 3rd grade are Dennis Cheney, first; Martin Johnson, second; Gene Miller, third.

In arithmetic we are analyzing story problems, looking for facts, the question and deciding which fundamental fact to use to answer the question. In science and health we have been watching the many signs of spring in appearance of green grass, swelling of buds and returning of many birds.

Grade 4

Several mothers came to visit while we were working on our

social studies projects. They helped us with our work. Mrs. Marquis worked with the group making the flags that have flown over California and Mrs. Ridsen helped the group building a mission.

We are working hard on songs for the music festival. We are also planning the assembly program the 4th and 5th grades will present May 15.

5th Grade

Our bird study for science is progressing very well. The various committees are getting their reports in and our board chart is being completed. Several groups of boys are making bird houses.

The class has been studying Roman numerals and the children have brought several examples out of magazines and newspapers.

6th Grade

The 5th and 6th grades, under the supervision of Mrs. Ruth Robinson and Lynn Kishbaugh, left Wednesday for San Francisco on their long-awaited educational field trip. They were accompanied by Mesdames Oliver Scow, D. L. McGihon, Edward Frates, N. Diaz, and Elma Medford. Mrs. Charlotte Patnoudé, school nurse, also joined the group. Gilbert Kumle was the only father able to lend his support to the journey. Erving Waters was selected to drive the large coach for the excursion.

TAHOE LAKE

Kindergarten, 1st Grade

Our circus unit is nearing completion. We have been enjoying songs and stories about the circus beside the many things made to go into our big circus tent.

Quite a few mothers visited our room last Thursday for a reading demonstration. After looking over the children's work, parents enjoyed refreshments.

2nd and 3rd Grades

Several parents came to our class to visit during Public Schools Week. They were interested in the paintings we have on the wall. Each child drew a picture and wrote a story about it.

On May 1 we made May Day baskets to take home to our mothers.

4th, 5th and 6th Grades

Our room had the pleasure of Mrs. Camy Althof's company last week while Mrs. Briggs was ill. We also enjoyed having Jimmy Boyce again. He spent the week with us while up here visiting.

The 6th grade again did best in weekly spelling tests.

Many parents visited our room last Thursday during Public Schools Week. Mrs. Briggs was back with us that day and each reading group presented a demonstration or a play. We also had a spell-down and an arithmetic game. The girls served coffee and cookies to parents attending. These parents included Mesdames Harold Stark, Kay Wilson, Max Porter,

Bruce Wright, Mary Ann Conners, Robert Pomin, William Vierra, Blanche Donaldson, Mr. and Mrs. C. O. Schrader.

We are looking forward to a dance in honor of the 6th graders

Friday night, May 8. All children in our room are invited to this dance, which will be from 7 to 9 in the Tahoe Lake School auditorium. Mr. and Mrs. Briggs will be chaperons.

ELECTRICAL TIPS FOR THE HOME

A LONG, HEALTHY LIFE The electric motors in your dishwasher and waste disposer work better, last longer and require less servicing when they receive all the current their makers intended. Electrical engineers therefore advise an individual branch circuit of #12 size wire for each appliance. The latest model washers, for instance, have efficient, electric drying units not formerly provided. Thus, they require more "juice" than their predecessors.

MOBILE RANGE When you have the wiring installed for your electric range, insist on flexibility at the point of connection. Many ranges are installed by attaching the circuit wires directly to the appliance. This is a false economy because it subjects the wires to excessive wear when the range is pulled out from the wall for cleaning. For a fully mobile installation, you should have a 50 ampere receptacle on the wall, plus a range cord and plug.

CHILD HEALTH CLINIC DATES AT TAHOE SLATED IN MAY, JUNE

KINGS BEACH—The health department of Placer County has scheduled child health conferences at Carpenter's Hall in Kings Beach for May 19 and June 16. According

to the announcement, these dates are subject to change.

The chief purpose of these conferences is to promote optimum health, prevent disease and reduce mortality of the children of the county. This calls for an educational center where parents can learn what they need to know about keeping their children

FROM THE CRYSTAL MAID

In the merry month of May good cooking that turns into wonderful eating should be an exciting adventure. There's garden "sals" aplenty... tender young greens from your own soil or fresh and crisp from the market... ready for the salad bowl or to be gently cooked and served with golden Crystal Butter. There's new Crystal Cottage Cheese that's high in goodness, low in calories. And there's yellow, yummy Lemon Custard Ice Cream—Crystal's Flavor-of-the-Month.

PRIZE WINNER!

We think it's nice that the winner of \$5.00 worth of Crystal Dairy Foods this week is named Crystal! She's Crystal Arnold, of E Street, Sacramento. We didn't choose her entry because of her name, but because it is one of those happy suggestions that's more of an idea than a recipe. You can make it in proportions to suit your need and with the seasonings you like. And because it uses canned oysters it's good in May—or any other month, and just right for a patio supper.

Cook macaroni until tender. Drain and combine with a can or two of oysters. (Make it more or less to suit your self.) Put in a baking dish or casserole; season well with salt, pepper, paprika and Crystal Butter. Cover with Crystal Milk and bake until bubbly hot.

Serve this with a big green salad, with bright radishes and cooked beets for color. Celery and olives could be a side dish. Add the refreshing goodness of Crystal's Lemon Custard Ice Cream for dessert and you have a company supper that will rate raves!

Trim-Cheese, Crystal's new type of cottage cheese, has all the tender texture and goodness of Crystal prize-winning creamed cottage cheese but far fewer calories! It's perfect for calorie counters and health diets, because it is enriched with protein and minerals. Use it in salads and casserole dishes, too!

LUNCHEON CASSEROLE
1 (12 oz.) can kernel corn
1 (1 lb. 8 oz.) can tomatoes
1 lb. Crystal Cottage Cheese or Trim-Cheese, well seasoned
1/2 cup cracker crumbs
2 Tbs. Crystal Butter, melted
Season Crystal Cottage Cheese with celery salt and a dash of cayenne. In a buttered casserole place a layer of corn, then tomatoes, then cheese. Repeat until dish is filled. Cover with the cracker crumbs which have been mixed with the melted Crystal Butter. Bake in a moderate (350°) oven 30 minutes. Serve in sauce dishes.

Weather Ideal for Opening of Fishing Season at Tahoe

TAHOE CITY—Whether there were any more fish caught per fisherman on Saturday and Sunday—the opening days of fishing in Lake Tahoe—could not be determined. However, that there were more boats on the lake than ever before and that the weather was the best in years were certainties. And, there were a lot of fish checked in at the various stations set up by the Lake Tahoe-Sierra Chamber of Commerce to

healthy and continuous supervision by a physician on the health of children during infancy and the pre-school age period.

Physical examinations of the infant and pre-school child, advice to parents on feeding and emotional problems of the child, immunizations against communicable diseases and general health education is the general theme of the conferences.

The eight separate and monthly conferences, conducted in various areas throughout the county, are of great value to parents, giving them an opportunity to get the right kind of understanding of the fundamentals of child health which they need.

A TOUGH BOAT for BETTER FISHING! GEM-COAT (A Polyester Plastic) and FIBERGLAS

Give your boat a tough skin. Fiberglass® strengthens up your boat—improves its appearance—eliminates maintenance, painting or damage. Run over gravel, riverbeds—slide up on rock ledges—Fiberglass® holds up. That's the way the Navy builds their small craft—so they last! Easy to apply this permanent, beautiful coating yourself. Write for FREE catalog. Details—wholesale, retail prices—full instructions and information. You're in a hurry? Send us 25c and we'll mail it!

collect data on fishing.

First to Report

The first fishermen to report their catches here were Jerry Quam of Truckee and Phil Korich of Lake Forest. Jerry, formerly of Tahoe City, had four rainbow and one German brown while Phil had four rainbow. All were caught from a pier and were of the "about one pound" size. They used salmon eggs and worms.

Harvey Proctor of Lake Forest also turned in an early catch of three rainbow. The largest rainbow caught from a pier was reported by Dick Wilson of Stockton. It weighed six pounds ten ounces and measured 27 1/2 inches in length.

Of Truckee anglers, Nat Quilici checked in the largest catch taken from a boat. He, his brother Frank and Ray Stewart of Stockton had six mackinaw and one German brown weighing from two to seven pounds each.

Largest Recorded

The largest fish reported here on opening days was an 11 1/2 pounds mackinaw, taken on deep line by Attilio Puccinelli of Sparks, Nevada. It was among six mackinaw hooked by him and Stan Stone of Sparks. The six fish weighed 35 pounds. Another six-mackinaw catch was made Sunday by Wayne Philippi and Daven Morey of Truckee.

Hermann Teidemann of Home-wood and Leonrad Wykert of Rio Linda counted four "macks" to their credit. The largest weighed over five pounds. There were many more small to medium size catches.

The five news men who were guests of the local chamber of commerce Saturday and Sunday had from good to bad luck. One boat with three brought in three two-pounders and lost a larger one while trying to photograph the landing. The other boat with two of the sports writers hooked two but lost them.

They were all given a cocktail party and dinner Saturday night at Cal-Vada Lodge, Crystal Bay. Joby Lewis of Cal-Vada provided the dinner and the chamber the cocktail hour.

To South End
On Sunday morning, Fred Main, president of the chamber, gave them a speedboat ride to the south end of the lake where they were taken fishing but had no luck. At 1:30 Sunday, George Cannon

of the Gateway Club entertained the news men and chamber officials at luncheon. Following the dinner, Main thanked the writers for taking time off to spend two days at the lake and expressed his regrets that they were not among the more fortunate anglers.

Continuing, he announced a worthwhile award had been provided for the man fortunate enough to have his name drawn from five in a hat. Len Blumstrom of the Nevada State Journal and his family will be the guests of the chamber at the lake for one week any time this year.

Jerry Carpenter, recreation and travel director of the state chamber of commerce, and Bill Clayton of the same department in the Sacramento area were also guests of the local chamber.

Skiing and Fishing

Carpenter spoke briefly, commending the Tahoe group for their endeavor to better publicize fishing. He recommended the building of small fishing and hunting lodges in the back country which might be used by skiers during the winter. Such shelters have been advocated from time to time by ski clubs. Some ski groups have advocated shelters a day's travel apart from Donner Summit to Yosemite.

There were many boats on the lake the early part of the week and another influx of anglers is expected next Saturday and Sunday.

With but two kokanee reported caught—one here and one at the south end of the lake—that fishing was rated somewhat of a disappointment. However, Allan Pollitt of the state department of fish and game, was here Saturday and assured anglers the kokanee will produce when the schools are located. Jerry Quam caught the 11-inch kokanee off a pier here Sunday.

CHEST X-RAY UNIT DUE IN AREA FOR THREE DAYS

TAHOE CITY—Mrs. Marie F. Henry, member of the Placer County board of health, has been informed by the Placer County Tuberculosis and Health Association that the mobile chest x-ray unit has a three-day schedule in the Tahoe-Truckee area during

June. The unit will be at Truckee June 17, at the Tahoe City post office June 18 and in Kings Beach June 19.

This free examination service, made possible through sales of Christmas Seals each year, is available to the public. Since the unit was put in by the association, the Placer County health department has taken 3150 chest x-rays.

GOOD DRIVER DRIVES ONLY WHEN CAR IS IN GOOD CONDITION

SACRAMENTO—Today's fast highway speeds make driving a car in poor mechanical condition more dangerous than ever, the California Highway Patrol said.

When average driving speeds were lower, a motorist generally had a chance to pull off the road if something went wrong.

If a tire blows or the steering gear snaps at today's higher speeds, there's usually not even time for the car's occupants to brace themselves for the crash, the patrol said.

The patrol noted that almost three out of four citations written for mechanical defects are for bad

brakes and lights.

Many motorists consider their car's defects minor, said the patrol, although each one can—and often does—lead to an accident.

For increased safety, the patrol suggested car owners regularly inspect and maintain brakes, lights, tires, steering and wheel alignment, exhaust system and muffler, windshield wipers, window glass, horn and rear-view mirror.

The patrol said it agreed with the safety slogan being used nationally during May. That is that "good drivers drive safe cars."

COFFEE PRODUCER

Colombia is the second largest coffee producing country in the world and is the largest producer of mild coffees.

ITALIAN CATHOLICS PLAN BIG FETE AT ROSEVILLE MAY 23-24

ROSEVILLE—Local chairmen of the Italian Catholic Federation Festival committee, Ivan Lippi, announces that Emmet McCrary, Roseville chief of police, has been selected honorary grand marshal of the civic parade and demonstration to be held Sunday afternoon, May 24. Parade is to be headed by the Mather Field Air Force band. Other civic officials will serve as honorary division marshals.

This spectacular fete which honors the official inauguration of the ICF San Vito Branch No. 73 in this railroad center is expected to be among the largest and most colorful demonstrations in Roseville's history. Units from ICF branches all over the state will be visiting Roseville via a special train. In addition such outstanding groups as the Southern Pacific band, Pacific Reserve Fleet drill team, El Dorado County High School band, Roosevelt High School band and drill team, Lincoln High School band, Loom decorated car and many other entries will help swell the ranks of marchers.

The parade will be one of the highlights of the two-day festival which opens on Saturday evening, May 23, with a brilliant coronation and grand ball at Veterans' Memorial Auditorium in Roseville where Mayor Hal Wentworth will crown the queen of the festival. Dancing will be to the music of Steve Bonito's orchestra.

Most Rev. Robert J. Armstrong, D. D., Catholic Bishop of Sacramento, will preside at a Solemn High Field Mass to be celebrated in Royer Park, Roseville, with Rev. Robert J. Connolly, chaplain of the honored branch, as celebrant and with the sermon by Rev. A. Grattarola, SJ.

The festival will come to a dramatic conclusion Sunday evening with a civic banquet at the Veterans' Memorial Hall when Armond De Martini of San Francisco, Central Council president, will present the official charter of the ICF to Roseville's branch.

Units desiring to participate in the parade should send entries to Guido Giannoni, local parade chairman, at 137 Carmel Avenue, Roseville, California.

THIRD WILDERNESS CONFERENCE DUE

BERKELEY—A two-day conference will be held here May 15 and 16 on preservation of wilderness areas for present and future generations to enjoy.

The conference, sponsored by the Sierra Club, will be held at the Hotel Claremont. All persons interested are invited to attend.

John W. Spencer, California Isaac Walton League official, will be general conference chairman. Others on the program include John H. Baker, president, National Audubon Society; Howard Zahner, executive secretary, The Wilderness Society; and Richard E. McArdle, chief forester, U. S. Forest Service.

In its call for the conference, the Sierra Club said, "Problems of the wilderness are increasingly complex and urgent as the pressures upon it increase."

The conference program will include three major topics of discussion:

1. How can the idea of wilderness protection be maintained and strengthened?
2. How can protection of existing wilderness areas be improved?
3. How can Arctic Alaska wilderness areas best be protected?

Previous wilderness conferences were held under Sierra Club auspices in 1949 and 1951.

The average depth of the Pacific Ocean is 14,048 feet.

PENSIONS FOR AGED CONFERENCE SET IN STATE'S CAPITAL

SACRAMENTO—Old age pensioners from three states will meet to take organized action on their problems at the first statewide convention of the California Institute of Social Welfare, to be held in Sacramento on May 11 and 12. Delegates from Oregon and Washington will join with California's oldsters at the two-day session which will be opened with a welcoming address by Mayor Leslie E. Wood of Sacramento.

Principal speakers will include former U. S. Senator Sheridan Downey, members of the state legislature, state and city officials and leaders of statewide civic and labor organizations.

With the California Institute and

its chairman, George McLain, acting as hosts, the convention itself will be conducted under the general chairmanship of Floyd K. Dover, president of the Oregon Institute and vice president of the National Institute of Social Welfare. The Washington delegation will be headed by Horace G. Clark, president of the Washington Institute.

Hailing the tri-state meeting as a milestone in the progress of old age pensions, Dover pointed out that "through the actions of this convention may come the drive for a national pension of \$100 a month, paid as a matter of right, that men have been talking about for half a century."

More than a thousand delegates have pledged to attend the convention, which will meet in Sacramento's Masonic Temple.

Leake Favors Separation of Taxes, Liquor Control

MIDDLETOWN—Strongly advocating the separation of the administration of tax and liquor control laws, now the responsibility of the state board of equalization, Paul R. Leake, Woodland, member of the board from the third district comprising 25 counties in the northern part of California, last week addressed the annual meeting of the Lake County Chamber of Commerce.

"It is not good for the people for any board to be so powerful," said Leake.

"Originally the board was established to equalize tax assessments over the state," he continued. "Later it had wished upon it the duty of administering the sales and other taxes—and finally the responsibility for enforcing the Beverage Control Act . . . We can't do justice to the job."

Favors Amendment

Leake expressed the hope that the legislators will definitely act upon the proposal to give the people

the right to vote on an amendment taking liquor control away from the board and placing it in a separate body to be appointed by the governor, subject to confirmation by the senate.

"It might be practical and economical to establish a new setup that would reduce the present five-man board of equalization and also restrict a new liquor commission to a three-man board at the most," suggested Leake.

"Appointive boards rather than elective," he added, "are less subject to political influence and corruption and attract better qualified citizens to public office."

Leake only recently was appointed to the state board by Governor Earl Warren to succeed the late Jerrold Seawell of Roseville.

Leake described the problem as "tremendously urgent." He said he believes that "a more practical and sensible method of administering our tax and liquor laws might be effected—and at a substantial saving to taxpayers."

Duties Incompatible

"The board," he insisted, "should be relieved of the incompatible and irreconcilable duties it now has as both a tax and liquor administrative agency."

"What setup could be more mismatched and inharmonious than the one existing today?" he asked. "What setup could be more exposed to contamination and graft?"

The third district board member reminded his Lake County listeners that in the last fiscal year, the state raised slightly over a billion dollars from a dozen tax and revenue producing laws. "The board," he said, "administered laws that accounted for 62.2 per cent of this revenue."

The major part of this revenue, he pointed out, goes for the support of schools and highways.

"Actually, the revenues derived in excise taxes and liquor license

PROPERTY TAX TAKE SUPPLIES LITTLE FOR COUNTY ROADS

Nevada County had \$355,265 of revenues available for county road programs for the current fiscal year, 1952-53, California Taxpayers Association said, making public its study of revenues budgeted for road program in California's 58 counties.

Included in the total revenues budgeted for roads in the county for 1952-53 were \$233,357 from state-collected highway users tax, \$11,908 in "other road revenues" and \$10,000 in local property tax levies. A large part of the "other road revenues" came from fines penalties of \$21,943 and available surplus of \$62,465.

During last year, fiscal 1951-52, the county spent \$404,756 for road purposes, average expenditure per mile for the 457.22 miles of county roads in the county being \$885.

Labor Day holiday was inaugurated at Philadelphia Dec. 28, 1890.

fees, together, produce only about four per cent of the total revenue for which the board is administratively responsible," he explained.

For Strict Enforcement

Leake re-emphasized his policy favoring a firm, realistic enforcement of liquor laws. "It has been reported that I am strict—some folks believe this is the understatement of the year," he said.

"It will continue to be my policy to lower the boom on irresponsible or rowdy licensees and hoodlums who defy the law," he continued.

"My quarrel is not with the decent people in the industry," he added. "They have contempt for those who employ B-girls and who deliberately sell to minors and to drunks and who ignore the law generally . . . They are hopeful that the legislature will earnestly consider the measures calculated to end practices which are offensive to public order and decency."

TO YOUR HEALTH

Tuberculosis and Reckless Driving

Column Sponsored by
MRS. MARIE HENRY
Tahoe City, Member of the Placer
County Board of Health

Tuberculosis and automobile accidents may seem to have little in common, but they are alike in that both can be prevented. Both rank tragically high among causes of death in this country. In 1950, highway accidents caused 33,577 deaths and tuberculosis 33,633. Gross death rates from both causes were thus identical, 22 per 100,000.

Most of us are familiar at first hand with the perils of the highway. Almost daily we see newspaper accounts of spectacular motor accidents. We are all aware of the need for preventative measures.

Although tuberculosis is less spectacular and less publicized, we must not forget that it can be just as deadly as a car out of control. And just as unnecessary. Knowledge

of the facts about the disease is the first preventative weapon.

Tuberculosis is a chronic, communicable disease caused by a germ called the tubercle bacillus, which is spread from person to person. It is not inherited, any more than is careless driving. It does not attack just the young and frail. Anybody can catch TB, rich or poor, young or old.

The "rules of the road" to prevent tuberculosis require a balanced, nourishing diet; plenty of sleep; moderate outdoor recreation; clothing suited to the weather to prevent colds; avoiding people who do not cover coughs and sneezes, and having a regular medical examination with a chest x-ray at least once a year.

Tuberculosis seldom shows outward symptoms in the early but the x-ray can detect it. The sooner TB is discovered, the better are the chances for quick recovery and the smaller are the chances for the germs to find new victims.

STEAMBOAT MAIL SERVICE AT TAHOE RECALLED

In the Sacramento Bee's "75 Years Ago" column it was reported:

"On May 1st (1878) the daily mail from Truckee to Tahoe City will again commence, also from Tahoe City around the lake, via McKinney's, Emerald Bay, Yank's, Rowland and Glenbrook."

"The lake contract for the next four years has been awarded to Fish Brothers of San Francisco and the mail will be carried by Captain D. W. Avery on the new and fast steamer Niagara."

READ ALL THE ADS!

ASKS FOR RAISE IN WATER FEES

Tahoe Sierra Water Co. is asking for permission to boost water rates at Bijou and Tahoe Valley.

The firm has requested a 20 per cent increase from the state public utilities commission. The firm wants to increase minimum meter charge from \$25 for five months to \$36 for the summer months, May through October. It serves many summer homes.

TOP BEEF PRICE

A new world's record for the price paid for a beef bull was established last year when A. H. Karpe of Bakersfield paid \$87,500 for the five-year old Baca Prince Domino 20th.

VETERANS HAVE 'TIL MAY 25 TO FILE FOR TAX EXEMPTION

May 25 is the deadline for application by war veterans for the \$1,000 property tax exemption.

Single veterans may apply for the exemption if their property is not valued at more than \$5,000 and married veterans if total property

is not more than \$10,000. Veterans must record only the legal description of real estate, amount of money in the bank, stocks and bonds owned and the make and year of car owned.

NOTICE TO CONTRACTORS

Notice is hereby given that the Governing Board of the Tahoe-Truckee Unified School District, Placer and Nevada Counties, State of California, will receive up to, but not later than 8:00 P.M. on Tuesday, May 12, 1953, sealed bids for the award of a contract or contracts for well drilling and casing and for furnishing and installing adequate pump and pressure tank in accordance with plans and specifications on file in the Superintendent's office. Bids shall be opened and publicly read aloud at the above stated time and place.

In accordance with the provisions of Section 1770 of the Labor Code, and the local laws thereto applicable, the owner has ascertained the general prevailing wages in the locality in which this work is to be performed, a copy of which rates are as follows:

	Hourly Wage	Per Diem	Legal Holidays And Overtime
Craft	Rate	Rate	
Carpenters, Lake Tahoe Area	\$2.85	\$22.80	
Laborers — General	\$1.85	\$14.80	
Plumbers	\$2.85	\$22.80	\$5.70

* For the first four hours after the regular work day, overtime shall be paid for at the rate of time and one-half. All additional time worked up to 8:00 a.m. and on Saturday, shall be paid for at the rate of time and one-half. Sundays or holidays shall be paid for at the rate of double time.

OVERTIME: Saturdays, Sundays and Holidays — double time unless otherwise shown.

Each bid must conform to the requirements of the Plans and Specifications and all other documents comprising the Contract Documents. The Contract Documents may be examined and copies obtained at the Office of the Superintendent of Schools, Truckee, California.

No bid will be considered unless it is made on a form provided by the Superintendent of Schools, and accompanied by a certified check, cashier's check or bidder's bond for 10% of the amount of the bid, made payable to the Owner. The above mentioned checks or bid bond shall be given as guarantee that the bidder shall execute the contract if it be awarded to him in conformity with the Contract Documents and shall provide the surety bond or bonds required within 5 days after notification of the award of the contract to the bidders.

The successful bidder will be required to furnish a labor and material bond in an amount equal to fifty percent (50%) of the contract price, and a faithful performance bond in an amount equal to one hundred percent (100%) of the contract price. Said bonds shall be secured from a surety company satisfactory to the Owner.

The Owner reserves the right to reject any and all bids, in part or in total, and/or waive any irregularities or informalities in the bidding.

Dated this 22nd day of April, 1953.
V. C. SHATTUCK, Clerk of the Governing Board of the
Tahoe-Truckee Unified School District. a23-30m7

"Glad to be of help,
Mrs. Johnson!"

SERVICE and COURTESY
... we strive to give you both at Bank of America!

We at Bank of America are very pleased that we can offer you such a wide range of banking services. We believe our kind of friendly neighborhood banking has played a great part in building the community in which you and your children want to live. But we have always realized that even the best banking service in the world is not enough. That's why we place equal emphasis on the courtesy and friendliness we want you to find when you visit our bank. Yes, we strive to give you both service and courtesy at Bank of America!

TAHOE TOPICS

by ETHEL J. VERNON

Tahoe weather during the past weekend was the answer to a fisherman's prayer. Clear and sunny and calm, with just enough of a gentle breeze to keep the sun-burns cool. On Saturday and Sunday mornings, the dawn broke around here with a buzz of happy activity, with native fishermen looking for licenses and visiting anglers buying worms. On Monday morning the same blue sky and sunlight blessed our fisherman's paradise and the highways continued to roar with cars drawing boat trailers. On the opening morning the lake was dotted from shore to shore with fishing boats—literally hundreds of them were pulling out from the shore continuously and creeping suddenly into sight from over the watery curve about eight miles out. There were motor boats, set at slow speed, skimming watchfully over the lake and row boats drifting silently, with lines dangling invitingly to tempt the finny tribe. And all through the three first days of the open season on the lake this continued, with limits being brought in throughout each day.

The Tahoe resort business as a whole seems to be getting off to a rushing start for the summer and the rush comes earlier than usual. Practically all of the summer businesses along the lake circle highway are now opened for the season. Building contractors have work scheduled far ahead for their crews and the non-home owners coming in are already having difficulty in finding places to rent in this area. The Tahoe City telephone exchange, which was still short of help last week, found they had an almost impossible task to deal with. Night and day every plug-in in the office was continually "plugged in" and all lines were kept busy. The girls said that long distance circuits were constantly in use and in order to get on one you had to "grab" fast between calls. Fourteen new operators arrived at the exchange late last week, with two more to follow in a few days. The new operators were given a welcoming dinner and party at Brockway Saturday evening. They are all expected to be on their specified jobs in the exchange during this week.

Earline Brumbugh, who has chief telephone operator here for some time, is leaving that post and expects to take over at the Greyhound bus station in Tahoe City when it opens May 15. At that time buses are expected to begin making their regular schedules in and out of Tahoe City for the summer. M. O. Saltu, who has been in charge of this station for the past three years, was forced to

close his residence here about three months ago, when his wife became seriously ill. Recently he left for the east where she has been confined in a hospital and he is expected to bring her with him when he returns here about May 15.

The regular spring burning restrictions, issued from forest service headquarters in Nevada City, came on here as usual April 15. However, it hadn't been too strictly enforced up to this time because everything was extremely wet from late snowfalls and spring rains. But now, with the sun shining bright and warm every day and hillsides fast draining and drying out, everyone is warned to get their burning permits from local fire chiefs or forest service men and to burn only at the time specified on the permit, being careful to guard fires closely and abide by specified rules.

The Women's Club of Tahoe, which has been meeting at members homes throughout the winter and spring seasons, are meeting for the first time this year in the Tahoe City community hall on Thursday afternoon, May 7. Mrs. Blanche Donaldson, president, will be in charge. Dorothy Bury and Izzy Porter of Tahoe City are hostesses on this occasion and most of the afternoon is to be spent in sewing for the club's annual bazaar which is to be held in mid-summer. At this week's meeting, nominations for officers to be elected at the next bi-weekly meeting will be presented. Nomination committee includes Mrs. Pearl Snyder of Lake Forest and Mrs. Wilma Korich of Tahoe City. The club will hold its regular meetings through the coming summer and fall every second Thursday each month. The community hall will be used for these meetings from now on, as the membership continues to grow with advancement of summer.

Mrs. Louise Geier, who was the chairman of the American Red Cross drive for this district this spring, reported this week on the full amount of funds gathered from Tahoe residents. The fund totaled \$715 for the one-month drive, which was considered by headquarters to be very good for this small community.

Mr. and Mrs. Rodney Yeakel, former Tahoeites now residing at Carmichael, Sacramento County, have recently become the parents of a new daughter, according to information given out by Rodney's mother, Mrs. Ward Knapp of Lake Forest. The new baby has been named Kimberly Jean. She was joyfully welcomed into the family by an older sister, Tamara Jean, two years of age.

Allan Pollitt, state fish and game official and former Tahoe resident for many years, accompanied by Mrs. Pollitt, spent a few

days here during the past week. They visited at the home of their daughter and her husband, Alberta and Bob Stark.

Returned for the summer to their Sunnyside Lodge this week are A. B. Sears and his wife, Dr. Monica Sears, who have spent the past few winters in Auburn, where Dr. Sears was on the medical staff at DeWitt Hospital during the past winter.

Guests at the home of Mrs. Rose Boyiaredes in Tahoe City during the past week included her niece, Mrs. Verna Hartlerode, and her daughter, Mary Ann, of Hammond, Indiana, and Miss Betty Sandberg of East Chicago. Also George Roy of Arizona is visiting there briefly before leaving to accept a position for the summer at Feather River Inn.

Mr. and Mrs. Fred Manley of Los Angeles are again occupying their summer home at Tahoe Park. They got the place open just in time for the opening of fishing season.

Stan and Ola Stanley opened their Stanola Lodge at Tahoma last week for the summer, after spending the winter in southern California. Their business is beginning with a bang and a little earlier this season.

Mr. and Mrs. George Kehlet, owners of Meeks Bay Resort, motored in during the past week and are getting their extensive vacation area ready for an early June opening. They wintered at their winter resort place near Palm Springs.

Henry Worden, former Tahoeite

for many years, motored up for a few days during the first of the fishing season. He resides at present in San Leandro and brought with him his son-in-law, Ed Doolittle of Cedar City, Nevada County.

Mr. and Mrs. Fenton Ball opened their Tahoe City home this week just in time for the first of the fishing season. The Balls spent the winter at Morro Bay, which locality he says is also ideal for fishing the year around.

California produces all of the nation's commercial almond crop.

SIX SEEK MAYO SEAT IN STATE SENATE

SACRAMENTO —(C.N.S.)— Six men seek the post vacated by the death of Senator Jesse Mayo of Calaveras County, Secretary of State Frank M. Jordan announced. Five of the six are Democrats, Jordan said, although the election is being held on a non-partisan, high-man wins basis.

The district is comprised of Calaveras, Tuolumne and Mariposa Counties. The election is June 9.

-and you

sure can make it!

You've probably heard the news by now.
About the dazzling getaway and performance of this 1953 Buick SPECIAL.

About its new record-high horsepower and compression — its more velvety Million Dollar Ride — its bettered handling—its luxurious new comfort, trim, appointments.

But have you heard the happiest part of the story? You can step into this rich, roomy, robust-powered Buick for just a few dollars more than you pay for the "low-priced" cars.

That's fact — and we show our delivered price to prove it.

But look beyond the extra room and comfort and power and thrill you get for the money in this Buick, and you discover something else:

You find a whole lot of important little things are provided here as standard equipment that most

other cars of similar price charge as extras—things like direction signals, oil-bath air cleaner, full-flow oil filter, dual map lights, trip-mileage indicator, automatic glove-box light.

So—it's up to you, good sir.

It's up to you to look into this terrific, thrill-packed 1953 Buick SPECIAL.

It's up to you to try it — compare it — and see for yourself it's a buy you can't deny. Why not drop in this week?

Television treat—the BUICK CIRCUS HOUR—every fourth Tuesday

TRUCKEE, CALIFORNIA

SUMMIT SCENE

by FRAN COUILLARD

A big hunk of snow loosened its grip on the ridge pole of Donner Summit Lodge, took a slide down towards the rear of the building, grabbed a piece of the range chimney and deposited the works in the back yard. Thus was started the Street of Paris in the cocktail lounge. Bill Rutherford picked up his kitchen tools, installed a range in the service room at the back of the cocktail lounge, placed tables therein and the show went on. As soon as the smoke stack is put in its proper place, the main dining room will be ready to go again. And well it should, for the Tri-County Rotary banquet is scheduled there next Monday, followed by the Gridley Lions Club party, followed by the North Sacramento Rotary Club, followed by the Roseville Rotary Club—all before the end of June!

Jack Woodard says all are invited to Donner Ski Ranch May 15 for the Marciano-Walcott bout on television. Jack also says "TV Spread" which means tasty viands. Soda Springs Hotel entertains the men and women of the area's CSEA unit next Saturday night, with a super dinner starting at 8 p.m. Last Saturday night we accepted an invitation to the Dr. R. A. Reynolds home where Ted and Dolly Reynolds served an elegant buffet for their bay area and mountain friends—folk dancing, cocktails, dinner. A swell time. Dolly, a delightful hostess, looked

exactly right in her Austrian peasant costume. Understand we're all going to be invited to Tony and Eve Donadio's opening up wing ding at Sky Lodge, Lake Tahoe, shortly, where our mountain friends are going into business. In our "Lost but Found" column we list Liz Pierson and Skipper Hogle, who both disappeared at the same time but, we find, not together. Liz, the Kiski Lodge winterite and staunch friend of the Schulls, betook herself off in a snow storm on foot and when she found the spring snow shower developed into a baby blizzard, she was prevailed upon by Myrt Flickinger to spend the night. Consequences: a lot of worrying for Lola S. for a few hours. Skipper is the red canine owned and beloved by the Milton Hogles. His sojourn in the same snow storm was for a much longer period. While we all whistled and peered through the falling flakes for a glimpse of our four-footed friend, we gave him up for lost. However, lame but game, he finally returned home. Flash! Early morning call from proud grandma, Goldie Rowton, tells us that Marj and Larry Rowton entertained the stork for a little while May 5 at Palo Alto, said bird leaving them a present named Susan Marie who weighed

eight pounds 12 ounces. Jim Sherritt, resting in the Tahoe Forest Hospital with an unknown virus at this writing, is an author, having a series of articles on the Donner Summit area being printed serially in the Oakland Tribune. Right now Jim isn't up to receiving the plaudits of his admiring friends. Letter from the Bill Hassids of Berkeley tells us that we are having distinguished guests in August—none other than Doctors Carl and Gerti Cori of Washington University, St. Louis, Mo., Nobel Prize winners. Packages coming through our little post office tell us that Mother's Day is next Sunday, so don't forget to take mother out for dinner for she's tired of being "home on the range." Our mother honors us by coming to the mountains for Mother's Day. Being the elder daughter in a family of eight, we are flattered that we get mother next Sunday. We pulled the right straw this time and mother belongs to us.

NEWSHAM SPEAKER FOR ROTARIANS

KINGS BEACH—The regular weekly meeting of the Brockway Rotary Club was held Monday at Cal-Vada Lodge. It was featured by a short talk and the showing of two films by Howard J. Newsham, manager of the Pacific Telephone Company in the Truckee district. The feature picture was titled "Operation Snow Shovel" and depicted difficulties encountered during the heavy snow storms during the winter of 1951-52.

APRIL BOWS OUT UNDER 18 1/2-INCH SNOW BLANKET

TAHOE CITY—The April-end storms gave precipitation figures at Tahoe City a considerable boost, according to figures reported by A. E. Frodenberg, official U. S. weather bureau observer here. Storms between April 26 and May 1 brought 18 1/2 inches of snow—of which virtually none remained Monday morning—and 3.26 inches of precipitation. The level of Lake Tahoe Monday at 8 a.m. was 6228.19 with all gates shut. Daily high and low temperatures recorded were April 27th: 37, 36; 28th: 43, 22; 29th: 37, 28; 30th: 37, 22; May 1st: 41, 16; 2nd: 46, 20; 3rd: 57, 26; 4th: 29, low.

NORTH TAHOE

by THELMA BURROUGHS

Mother's Day Services will be held at the Brockway theater next Sunday. Dr. D. W. Throckmorton, district superintendent of the Nevada-California District of Methodist Churches will deliver the message. All are invited to attend. Harry S. Bennett, original builder of Ta-Neva-Ho, has purchased a portion of the Carl Bohme property in Kings Beach and plans to put in a dress shop in the section that has been until now a small hardware store.

Should little boys climb trees? That is a question Dennis Ludlow probably would answer in the negative if asked of him. Last Sunday he fell from a tree near the home of Mrs. Anna Blau and broke his right leg. As a result, Dennis is not in school this week but is waiting for Dr. Nessim to put his fractured leg in a walking cast.

Nice to have Jimmie Crawford back in circulation after that eye accident which kept him in a Reno hospital for a week. Mrs. Edith Hobbs was returned to Tahoe Forest Hospital after being taken to San Francisco. Her condition is reported as critical. Following treatment at the Ta-

hoe Forest Hospital, Mrs. T. C. Gaumer has returned to her home in Kings Beach. Mrs. Gaumer suffered from a lung congestion and was treated by Dr. Jose Nessim. Mrs. Arnold Miedema left last week for Johannesburg, Calif., where she is to care for her mother who is quite ill. Mrs. Miedema expects to be away for a couple of weeks at least. The Bob Murray home in Tahoe Estates shows shutterless windows these days. Though we've heard nothing from Bob, he must be pretty close to home. Those of you who have not yet registered for voting may do so at the Kings Beach Laundromat. Mr. and Mrs. M. Caesar of San Francisco came up last week for the summer and are quite busy getting their Caesar's Cottages ready for opening, right next to Mahoney's in Kings Beach. (Continued on Page 8)

Loynd's Kings Beach

the business of taking care of her rental units at Sorensen's Motel. Nice to see the smiling face of A. J. Ketman of Carnelian Bay back for the summer. Dorothy is due up this week too.

Carl and Bernice Johnson of Merced, with their four small children, were weekend guests of The Burroughs.

Mr. and Mrs. Al Bettencourt of Gilroy were up over last weekend looking over their Silver Sands Resort, which is being pretty securely tucked in by that new place on its west side.

Could two more perfect days have been than last Saturday and Sunday for launching the fishing season? Reports have it that every available boat around this lake was put to use on those two days. Kenneth Lavery brought in six in two days fishing from a pier.

Barbara Larson, formerly Barbara O'Brien of Kings Beach, was up last week for a visit with her parents, Borue and Dorothy, when a message came that her husband, Doug, had 30 hours leave at Tacoma, Wash. Barbara lost no time in getting away to spend that time with him. Later she will return to Kings Beach.

Bill and Ione Wiseman made a trip back to Los Angeles this week to bring up the rest of their household furnishings.

Mr. and Mrs. Fred Kirk of Sac-

ramento, with Mrs. Kirk's children, Barbara, 12, and Eugene, 14, will be with The Burroughs this year. Barbara and Gene entered local schools last Monday.

Our Lake Tahoe-Sierra Chamber of Commerce in sponsoring the Fisherman's Luck month during May got off to a good start by entertaining a number of sports writers, fish and game officials and other chamber members over last weekend.

The program opened with a cocktail hour from 6:30 to 7:30 at Joby Lewis' Cal-Vada Lodge, followed by a chicken dinner. Out of town guests included Jerry Carpenter, recreation director of the state chamber of commerce, and Mrs. Carpenter; William Clayton, manager, Sacramento Valley Council, state chamber of commerce; Ed Neal, outdoors editor, San Francisco News; Allan Pollitt, state department of fish and game; Grant Matthews, fishing and hunting ed-

itor, S. F. Chronicle; Howard Doyle, sales department, KOLO; Selby Calkins, director of advertising and publicity, Reno chamber of commerce; Hy Wells, owner radio station KOLO, Reno; Dave Niles, sports editor, KOLO; Charles McDermid, fishing writer and head of the tackle department, S. F. Emporium; Len Blumstrom, fishing and hunting writer, Nevada State Journal; Frederic Rea, travel editor, Sunset magazine; Eddie Murphy, chief cameraman, S. F. News.

Other guests included Mr. and Mrs. Tom James, Mr. and Mrs. Wm. Jenkinson, Leonard Jenkinson, Harry Stuble, C. W. Vernon, Mr. and Mrs. Richard Lavery, Mr. and Mrs. Wm. Wiseman, A. J. Ketman, J. D. Anderson, Mr. and Mrs. Imcon Mitchell, Mr. and Mrs. David Gilmore, Mr. and Mrs. Jack Van Allen, Mr. and Mrs. P. M. Burroughs.

Many of the above were also guests on Sunday at a luncheon at which George and Ann Cannon

TAHOE ROTARY ATTRACTS CROWD

TAHOE CITY—Attendance at the Tahoe City Rotary at Tahoe Inn had the appearance of a summer meeting with 17 members, six visitors and three guests present. Denis Sach presided.

A. J. Ketman, Carnelian Bay realtor, was given a welcome home and Don Snyder gave a report on the Elko convention, attended by 37 per cent of the Tahoe club. Sach announced the next international meeting will be held at Seattle next year.

In order that they may be better known to one another, two members, Howard Guth and William Jenkinson gave accounts of their life history, the former as a traveling salesman for 28 years in the 11 western states and the latter of his experience as a fisherman in Alaska.

Return Home—
Mr. and Mrs. Charles Baysinger of West Point, Calif., have returned home after spending two weeks here with their son, Lew Baysinger and family. The elder Baysinger is office manager for Stockton Box Company plant at West Point, his son being the Truckee plant manager.

Birthdate Tuesday—
Mrs. Wm. Englehart Jr. observed a birthdate Tuesday, May 5.

Back for Summer—
Mr. and Mrs. C. A. Tollefson have returned here for the summer after spending the winter in southern California. They are occupying their home at Big Chief.

Crews Leaving—
Mrs. G. W. Crew and four children will join Crew at Weaverville at the close of school. Crew has been engaged in logging in that area during the winter and the family plans to live in the northern town.

Up from Berkeley—
Mr. and Mrs. Robert Muir and Mr. and Mrs. Gordon Muir of Berkeley were Sunday visitors at the Martin Sturcke home here on Sunday.

of Gateway Club hosted Mr. and Mrs. Carpenter, Clayton, Neal, Murphy, Spec Rahbeck, L.T.S. chamber committee chairman; Fred Main, president of the lake chamber; Director Vernon, Carrol Raymond, manager of the L.T.S. chamber; Max Bernhardt, president of South Lake Tahoe Rotary; Andy Robertson, El Dorado County supervisor; Matthews, Art Brown, Markleeville, fish and game; Rea, Curly Musso, L.T.S. chamber member; Phil Seagraves, Bijou; the Burroughs, Blumstrom. The latter was winner of the sports writers' award—a whole week of vacationing for himself and family at Lake Tahoe. Guides Larry Maurer and Joe Benjamin were also present.

This is the first of an annual program to be sponsored by your Lake Tahoe-Sierra Chamber of Commerce for "Fisherman's Luck" month of May to promote this area and to encourage a longer season. Yes, in spite of the clouds flying today, ours can become one of the world's greatest recreation areas, as well as a much longer season than we now enjoy. Your chamber if supported properly by you can and will continue to put forth every effort to publicize the entire lake and to promote a live, year-round recreational area.

CAIN TO AUBURN

Robert Cain, employed for the past year at Loynd's Truckee Drug, has returned to his home in Auburn where he is employed as a pharmacist at Hall's Pharmacy. His many local friends will regret Cain's departure. Charles Fink, who had been employed at Loynd's Kings Beach store is now employed at the Truckee store.

Return Home—
Mr. and Mrs. Don Harris left for Boise, Idaho, this week following a visit with Mr. and Mrs. Walter Barrett.

Boy's Birthday—
Gary Brines observed his eighth birthdate Thursday, April 30, with a party here, attended by his school friends.

IT'S WISE TO ADVERTISE!

CARD OF THANKS
I take this means of expressing my sincere thanks for the fine support given me in the recent Truckee Public Utility District election. It will be my continued purpose to serve the district to the best of my ability.
CHARLES R. HELLER

CARD OF THANKS
The officers and members of the Truckee 20-30 Club wish to express their appreciation to the Truckee businessmen and others who assisted so generously in making the recent Spring Convention here such an outstanding success.
WM. FREY, President.

Tarzan

by EDGAR RICE BURROUGHS

TARZAN HAD JUST SAVED HIS COMPANIONS FROM DROWNING AS BREAKING THE GLASS CYLINDER, HE DELUGED THE THRONE ROOM WITH TONS OF WATER!

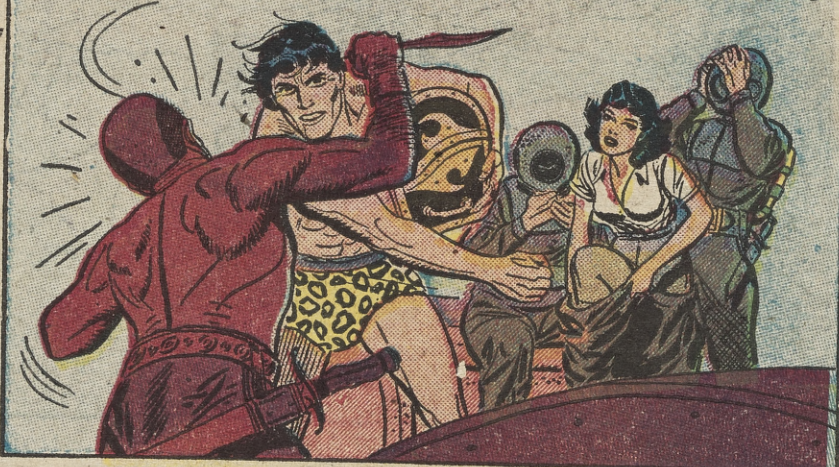

FORGETTING THEIR DIFFERENCES, THE QUARTET RALLIED AGAINST THE ZOBIANS -- AND AT THE FIRST OPPORTUNITY, TARZAN SNATCHED UP THE DIAMOND CASKET. "QUICKLY," HE EXCLAIMED. "FOLLOW ME!"

THUS PROTECTED, THEY SPED TOWARD THE AIR-LOCK. TARZAN GRABBED THE CONTROL LEVER, RELEASED IT-- AND NON TONS OF WATER POURED INTO THE TEMPLE!

THEY HURRIED TO THE SOLDIERS' QUARTERS AND, AS THE APE-MAN FOUGHT OFF THE NEAREST PURSUER, PONDED WATER SUITS.

... BUT THE ESCAPEES HAD NO TIME TO ENJOY THEIR FREEDOM. SWIMMING TOWARD THEM THROUGH THE MURKY DEPTHS, TEETH GLEAMING, WAS A MONSTROUS SHARK!

5-10, 11-57
